**Module C discussion questions:**

**Reflect and then write down your experiences with someone or some organization working to “break your will”. How do you think that has shaped your behavior or personality?**

**God created man with a free will. Is our free will sovereign or does God over ride our choices continuously? Why or why not ?**

**How have your free will choices been working for you? Reflect on some past decisions and share some thoughts.**

**In your own words describe “Negative Capability” (see page 2 of module C).**

**Why is working with “negative capability” so important?**
